

Famoso 1000 Room Thermostat

SPECIFICATION SHEET

PRODUCT/ORDER CODE

FAMOSO1000 single channel 5 Amps

The Famoso 1000 is a timed room thermostat. Famoso 1000 will control two temperature levels continuously, over each 24 hour period. Each day can be programmed differently if required. Programmability gives a 'comfort level' temperature control during times when the property is occupied, and 'set-back' temperature control at other times. The unit is battery powered, and just needs a two-wire connection to the boiler.

Famoso 1000 has just four push-buttons for all operations, and a large l.c.d. display which shows weekday, time, current setting (comfort or set-back) ambient temperature and programme in the form of a clear graphic image.

Technical specification:

AC switching capacity:

- resistive load 5A 250v AC
- inductive load cos ϕ 0.6 1A 250v AC

Control range +5°C to + 30°C

Temperature switching diff. +/- 0.25 to 0.4°C

Contact type volt-free normally open

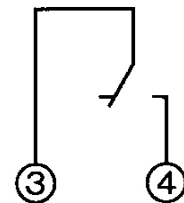

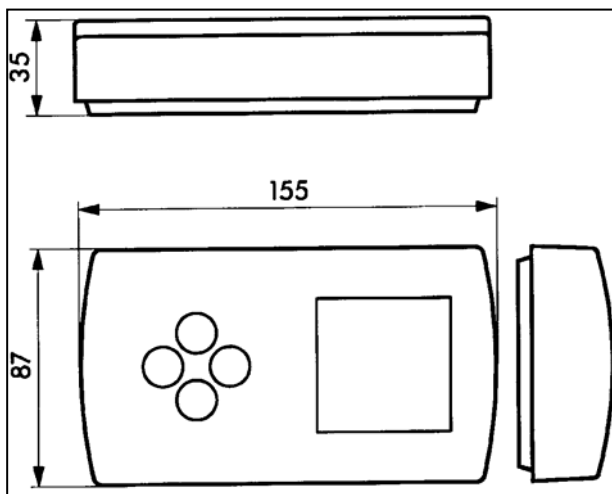

Connection Wired back-plate

Battery life (2 x AA alkaline) Approx. 1 year

Ambient temperature -5°C to +45°C

Accuracy typ \pm 2.5 sec. / day @ 20°C

Minimum switching time 1 minute

Contact 3-4 closed = heating
