# Digital Programmable Room Thermostat

Product code: HWPRS

FEATURES:

- Battery powered 2 x AA (LR6) alkaline
- LCD display
- Blue backlight
- Time display 12 hour am / pm
- Time accuracy: ± 1 min / month
- Operating Control range: 10—35^{0}C in 0.5^{0}C steps.
- Temperature control differential: 0.5^{0}C
- Frost protection temperature: 5.0^{0}C
- ErP Class 1
- Relay output: Volt-free 3A (resistive)
- 5 programmable periods per day
- Operating temperature range: 0 — 50^{0}C
- Operating humidity range: 0—90% (non-con- densing)
- Volt free NO Contact (2 wire connection)
- weekday/weekend block programming or individual day programming configuration

Input:230VAC 50Hz

Output:3(1) 230VAC(Max.)~

L

N

SL = Switched Live
RL = Resistive load (appliance)
