**STC1-B**  
(Black)

Looking to adapt your radiator valves and lockshields to accommodate 10mm plastic pipe? Tower has the perfect solution - our Straight Push-Fit Reducer, available in Chrome, Anthracite, or Black finishes!

### Key Features:

**Easy Installation:** Tower's Straight Push-Fit Reducer is designed for hassle-free installation with practical push-fit connections. No need for complicated tools or plumbing expertise.

**Exceptional Durability:** Crafted from high-quality brass and available in Chrome, Anthracite, or Black finishes, this reducer not only adds strength to your heating system but also ensures it will stand the test of time.

**Versatile Compatibility:** Whether you have Tower valves, lockshields, or other common brands, this push-fit reducer is suitable for most valves, making it a versatile choice for your plumbing needs.

**Optimal Performance:** Designed to reduce 15mm thermostatic and manual radiator valves to 10mm, it ensures that your heating system functions optimally and efficiently.

**Broad Application:** This reducer is perfect for use in indirect open-vented or sealed water-filled central heating and/or indirect hot water systems, offering flexibility in its application.

**Low Maintenance:** Tower's Straight Push-Fit Reducer requires minimal maintenance. Once installed, you can enjoy worry-free heating without the need for regular aesthetic care.

### Specifications:

**Connection Type:** Straight Push-Fit Reducer

**Size:** 15mm x 10mm

**Material:** Brass

**Available Finishes:** Chrome (supplied as a pair), Anthracite & Black (supplied as a single units)

**Maximum System Water Temperature:** 120°C at 5 bar

**Maximum Operating Pressure:** 10 bar at 65°C

### Important Note:

Please note that this product should only be used in systems containing water. Typically, it's suitable for the addition of central heating corrosion inhibitors, anti-freeze, or cleaners to the system water, and it is not intended for use with any other substances besides water.

**Elevate your heating system's performance and longevity with Tower's Straight Push-Fit Reducer 15mm x 10mm, available in Chrome, Anthracite, or Black finishes. Upgrade your plumbing game today!**
